“STUDIES AT LCC PREPARED ME TO MAKE A DIFFERENCE”

LCC's MA program in International Management brings together people from different parts of the world that share the same passion for knowledge and personal development. Support in this academic pursuit is one of the things you find in abundance while studying at LCC and this was definitely the case for me as well. The most valuable thing to me while in the MA program at

LCC was being surrounded by students and professors who motivate and encourage others and it brings the best out of everyone.

ON CAMPUS EXPERIENCE

In August and January of the first year, students and faculty meet at the LCC campus for one week of intensive study and interaction. In the final year, students spend a week at the campus to defend their thesis research and attend their graduation. These are great opportunities to meet faculty and fellow students, and form relationships with growing professionals and future business leaders.

The campus is located within walking distance of the heart of Klaipėda old town and the Baltic Sea. It is conveniently connected by public transport network so you will have no trouble getting around.
