CORE CURRICULUM

- 01 Every student completes the core curriculum. This provides each student with professional flexibility and foundational skills that all employers seek.
- 02 Every student chooses a major. This provides each student with advanced knowledge and expertise in a chosen field.
- 03 Every student is able to choose further areas of interest and specialization, whether adding a minor or taking electives (courses outside of their major). This provides each student with individualized opportunities for meeting career goals and expanding their intellectual interests.

FACTS

The only North American-style university in Eastern Europe with English as the language of instruction.

Career development: practicums, internships, summer jobs in the USA and Europe.

Worldwide study exchange programs, almost 200 partner universities in the USA, Erasmus partnerships in Europe.

On-campus housing. Two modern residence halls, a multipurpose center with a gym, fitness room, cafeteria and lounge.
