The Practicum course integrates theoretical knowledge with practical application in classrooms. Each student selects a school or language program that is convenient for them. Each student observes lessons of a qualified teacher and then teaches lessons, making lesson plans and observing students' progress. LCC hosts a Summer Language Institute (SLI) in July; MA TESOL students are welcome to complete their Practicum course here. SLI is a 3-week, high energy program for over 200 high school students from Eastern Europe. Come and join our staff of 35 experienced English teachers for a month and complete your Practicum in Lithuania.

SUMMER RESIDENCY SESSIONS

At the beginning of August each summer, all MA TESOL students and faculty meet together for 2 weeks on the campus of LCC in Klaipeda, Lithuania. In these residency sessions, students attend dynamic, student centered class sessions. You will interact with a community of TESOL students from around the world while learning to know each other personally, including opportunities to enjoy Klaipeda's beaches and historic old town. Students live in the LCC dormitory, with comfortable rooms and kitchens. The Summer Residency Sessions culminate in a graduation ceremony.

THESIS I AND THESIS II

In the final year, students become researchers as they enroll in the thesis courses. The Research Methods class prepares students to launch their thesis project. During Thesis I and II, students are guided individually by an advisor to write a literature review, select methods, collect data, and report findings on a topic of their choice. Completed theses may become published articles in journals, contributing to the field of TESOL globally.

"IN THE LCC MA TESOL PROGRAM, I ENJOYED EVERY MINUTE OF MY STUDIES. THE CONTENT WAS ENGAGING, THE PERSONALITIES THAT I MET WERE APPEALING, THE SYLLABUS WAS RATIONAL, AND ITS DELIVERY WAS EXCELLENTLY ORGANIZED.

I experienced what was to be a part of a cohesive, warm and hard-working international community. Thus, this experience upgraded my theoretical knowledge about

teaching English, brought a global dimension into my personal and professional life, and broadened my worldview significantly."
