

## QUALIFICATION RECOGNITION PROCESS AND DOCUMENT REQUIREMENTS

The Lithuanian Ministry of Education requires students who received their secondary education qualification outside of Lithuania to obtain academic foreign qualification recognition. This recognition allows students to access higher education for the purpose of further study in Lithuania. Once you submit your final secondary education documents to your admissions coordinator, the LCC Admissions Committee will assess and evaluate them. The committee may contact the issuing authority and/or the national ENIC/NARIC center for more information about your qualifications.
